SEWER OUTFALL CONFIDENTIAL ADDENDUM

The following information is a confidential addendum to Application No._____:

Is this an outfall for commercial_____ or domestic_____ waste?
The outfall is for combined stormwater and domestic sewage

If commercial, please list the constituents of the treated and untreated
waste in ppm; the estimated average volume per day in gallons for the first year of
operation and the fifth year of operation, and the proposed method of treatment.

_____

_____

_____

_____

_____

_____

If domestic, please check the method of treatment:

None	__X__	
Primary	_____	
Secondary	_____	(type_____)
Tertiary	_____	(type_____)
Chlorination	_____	

and the estimated average volume in gallons per day for first year of operation
and the fifth year of operation _The daily average is estimated at 5,750 gallons._

The amount and the frequency of discharge is dependent on rainfall.

Discharges will normally occur during periods of moderate to heavy rain-
fall. The estimated average will be the same for both the first and fifth
year of operation
A copy of a valid permit or letter of approval from the Department of Ecology
must be included as a part of this application.

Description of Right-of-Way for Utility Line Across
Aquatic State-Owned Lands.
